// <p>2016 is off to a great start here a ShockerRacing.com. ♦ Not only have we been lucky enough to add some amazing new ShockerRacing Girls to the family, but we have already received second sets of photoshoots from two of the most recent ladies. ♦ This latest shoot features Harley Danielle, whom we just began featuring a couple of weeks ago. Ms. Danielle met in Richmond, VA with photographer and truck owner, Jamie Derush.</p> <p style="text-align: center;"> // </p> <p style="text-align: center;"></p> <p>The location that Jamie and Harley chose for this shoot features an amazing wall mural by Ron English. ♦ Jamie brought along his 2005 Cummins Diesel Ram which is currently making 550 rear wheel horsepower. ♦ To make that power, the diesel is using a Smarty UDC by Gecovey Coffman, S&B Cold Air Intake, Pusher Intake Horn, with heater grid delete, 5" MBRP Turbo Back exhaust to a 6" axle dump, Fass 150 pump, Industrial Injection bag of parts in the CP3, Fleece fuel filter delete, and a Wicked Wheel in the turbo. ♦ Jamie is in the process of getting everything for the motor. ♦ He plans to run a big S400 Fleece Charger with second gen manifold swap, twin CP3 kit, 125% over injectors, building the head, studs, intercooler upgrade, and all of the additional mods to shoot for 1000+ horsepower.</p> <p style="text-align: center;"></p> <p style="text-align: left;">To learn more about Harley Danielle, be sure to check out her previous feature here:
http://www.shockerracing.com/index.php/featured-rides/featured-articles/165-happy-21st-birthday-to-harley-danielle</p> <p style="text-align: left;">Be sure to give her a follow on Instagram: @Harley.daniellee</p> <p style="text-align: left;">Follow Jamie Derush on Instagram for more on his build: @jamiederush</p> <p style="text-align: center;"></p> <p style="text-align: center;">Click here to see all of the photos</p> <p style="text-align: center;"></p>
